

# Water network – improving energy efficiency

• Customer: 

• Scope:

District Zone metering for water

4x AT600 with its solar panel and battery for installation in remote areas

• Competition: Flexim

• Value Prop/Outcome:

- Our AT600 has an advantage of low power consumption (5W) vs. other brands
- Coupled with its compact size, we were able to use a smaller panel, battery and solar panel which gave us a cost benefit to win the job
- Reliable flow meter and large installed based in the country water networks
